

# DISCIPLINE FastFacts

from Academic Analytics

Collaborations with other disciplines most often involves researchers in Economics where they account for **15.41%** of all co-authored journal publications in **FINANCE**. Do you know who are the top potential collaborators in these fields that best complement your research and where they are located?

Since **Academic Analytics** uses the individual researcher as the unit of record, we can look across all faculty in a discipline to view their current rank and the years since their most advanced degree.

FULL professor	ASSOCIATE professor	ASSISTANT professor
<b>30.5 YEARS</b>	<b>19.2 YEARS</b>	<b>7.9 YEARS</b>

Average academic ages (years since their most advanced degree) of Finance faculty nationally

FULL professor	ASSOCIATE professor	ASSISTANT professor
<b>41.9%</b>	<b>28.4%</b>	<b>29.8%</b>

Percent of faculty ranks within the national discipline

How does the distribution of faculty in your department compare to the national averages, and what are the implications for planning?

**Research Insight from Academic Analytics can help answer that.**

There are **2,310** individuals in the **Academic Analytics** database who are affiliated with Finance departments.

Of the faculty population for whom we can infer gender

<b>81.4%</b> MALE	<b>18.6%</b> FEMALE
----------------------	------------------------

According to the data captured in the **Academic Analytics** database, **23.5%** of Finance faculty have received a national honorific award. The American Finance Association provides the most honorific awards for the discipline, accounting for **17%** of all tracked awards.
