

ACADEMIC ANALYTICS PRODUCTS & SUPPORT

WHAT WE DO:

1 Collect Data

2 Clean Data

3 Organize Data

4 Analyze Data

5 Provide Solutions

PRODUCTS

BENCHMARKING (PEER ANALYSIS)

- Compare your institution's program, department, and college level research activity to peers
- Support faculty development with career trends drawn from current and aspirant peers
- Supplement program/department review with external peer comparisons
- Employ data-driven metrics in strategic planning processes
- Analysis On Demand (AOD) is a repository of 16 interactive, on-the-fly custom reports

MEDICAL INSIGHT

- Peer comparison with other NIH-funded medical schools
- Funding profile, award profile, book profile, and journal publication profile
- 190,000 medical department faculty across 170 NIH-funded medical schools

RESEARCH INSIGHT

- Administrative access
- Find subject-matter experts internal and external to the university
- View thematic collaborative networks
- Find funding opportunities
- Build interdisciplinary teams
- Recommend prestigious honors for scholars and potential nominators

FACULTY INSIGHT

- Faculty access
- Find subject-matter experts
- Identify new funding sources and recommended honors
- View thematic collaborative networks
- University-warehoused data integration
- Scholars can control their pre-populated profiles
- Pre-populated faculty data can flow into Activity Reporting
- Personalize Reviews & Workflows and monitor their progress

SERVICES & SUPPORT

included with subscription

EXPERT ANALYSTS
